SECTION 3 (A).
CAMPING SITES

47. Visitors may encamp within the Chasmah-Shahi gardens on the Dal Lake. The fixed camping places are Munshi and Chinar Baghs at Srinagar and the Nasim Bagh on the Dal Lake. Tents are also allowed in the Sonwar Bagh at Srinagar. Visitors are also informed that the plot of ground at Sumbal, known as the "Nandi Keshwar Bhairawa," should not be used for camping purposes.

48. The lower portion of the Chinar Bagh is specially reserved for bachelors. No parties of which ladies are members are permitted to encamp within it.

49. The whole Dachigam valley has now been converted into a State Game Preserve and no visitors or others are allowed to enter the same without special permission, or to encamp there under any circumstances.

50. Under By-Law No. 10 (see rule 79) horses and ponies cannot be picketed nor allowed
to graze on the various camping grounds in Srinagar. There are proper sites appointed for tethering animals outside the Munshi Bagh and Chinar Bagh which will be pointed out to visitors by the "Motamid Darbar." Shelters for horses on these sites can only be erected by the express permission of the "Motamid Darbar" or the Assistant Resident. They must only be of a light and temporary character, and nothing in the nature of a permanent building may be constructed nor deep trenches dug. The above rule applies equally to cows, mules, or other animals.

Note - The "Motamid Darbar" has authority to allow cattle to graze on the camping grounds whenever necessary.

51. Horses, ponies, etc., may not, without special permission, be picketed in the gardens of the late Raja Sir Ram Singh, K.C.B., and Raja Hari Singh, on the left bank of the river, opposite the Post Office at Srinagar; tents may, however, be pitched on the bund adjoining Achabal ground at Dudharhama on the right bank of the Sind valley, which are the property of His Highness the Maharaja, nor are their servants allowed to make cooking places within the garden.

53. Visitors to Kashmir are not permitted to encamp in the military camping grounds on the Bandipur-Astor Road on or about the dates that they are required for the use of the Kashmir Imperial Service Troops. The probable dates may be ascertained by enquiry from the Supply and Transport Officer, Bandipur.
SECTION 3 (B).

BOATS IN SRINAGAR.

54. (i) Owing to the large increase in the number of house-boats on the river in Kashmir and in view of the fact that, as a rule, the owners or occupiers of these boats do not entertain permanent crews sufficient to man them when moving, the Dairbar have found that the constant supply of extra boatmen by the State can no longer be made without seriously affecting agriculture and the cultivating classes.

(ii) It is, therefore, notified, for the information of residents in, and visitors to, Kashmir that extra boatmen will not be supplied in future by State Agency, exception will, however, be made in respect of extra boatmen at Sopore required for crossing the Wular Lake only, and at Baramula, Hajan and Khanabal (Islamabad). At such places applications should be made to the local Civil authorities, and at least 24 hours' notice given. Extra boatmen are not procurable at Sumbal, Shadipur, Pampur or Avantipur, the inhabitants of which places are not boatmen by profession but zamindars.
55. With the exception of the Residency landing place, and those at the Palace and Raja Hari Singh's house, all steps from the bund to the river are considered public, even if constructed by private persons, and they must in no manner be nailed off or otherwise blocked against public use. A distance of 25 yards to the west and 10 feet to the east of the Post Office ghat steps is reserved for shikaras and mail boats and no house-boat should be moored within this radius, nor shikaras be fastened on either side of the steps within 5 feet thereof.

56. Boats moored along either bank of the river should be so tied so as to leave a clear space of not less than four feet on each side of the landing stage. Occasionally may have a tering or getting

57. (i) When a visitor has already moored his boats at any place, no other visitor shall moor his boats alongside. This provision is not intended, however, to prevent two visitors from mooring their boats alongside each other if they both wish them to be so moored and provided also that no hindrance is caused to the public by the arrangement.

Note.—This rule is also applicable to Ganderbal.
(vi). No person or persons occupying a living boat and keeping also a cook boat shall moor these so as to occupy both sides of a landing stage. But this rule does not apply to the case of a visitor or visitors occupying more than one living boat so far as the living boats are concerned.

58. Experience having shown that it is impossible to protect the fruit in the Nawa Bagh State orchard from the depredations of servants and others employed by the lessees of boats moored in the Canal passing from the Munshi Bagh lock-gate to the Dal Darwaza, the mooring of all boats in the above-mentioned Canal between the Munshi Bagh lock-gate to the south and the northern boundary of the Residency Surgeon's garden to the north is prohibited between the 1st July and 1st October of every year.

59. The Electrical Department of the State is prepared to supply power for lighting of house-boats where demanded on either bank of the river provided such a supply be feasible and considered profitable to the Darbar. Application for Electric power should be made to the State Engineer.

Mooring places on the river where numbered electric plugs exist are primarily reserved for occupied boats using electric power and any
such place must be vacated by other boats if it is required by any one willing to take power at that point.

60 An annual license tax is levied on all boats owned or plying for hire in the valley of Kashmir according to the following schedule:—

SECTION 3 (C)

Bye-Laws relating to sanitation of house-boats and other matters connected with European residents and visitors and their servants in Kashmir.

(The Roman figures show the original number of bye-law.)

70. (I). No boats of any kind, including dungs, house-boats, etc., shall have water-closets leading into the river. The water-closets of all existing house-boats shall be closed, and in future no house-boats shall be built with such open closets.

71. (II). No sweeper or servants shall throw into the river any kind of offensive matter or sewage; sweepers of house-boats must carry away all refuse and solid and liquid excreta. When in Srinagar, such offensive matter shall be deposited in places assigned by the Municipal Committee, and, while outside Srinagar, shall be deposited in some dry land away from the banks of the river.

Note.—The rules here set out are those passed as bye-laws by the Srinagar Municipality, sanctioned by the Darbar and approved by the Resident in Kashmir. Many of the rules will be found repeated under their appropriate sections, such as “camping-grounds,” etc.
72. (III). Sanitary officers, authorized by the Municipal Committee, can, by previously giving 24 hours' notice to the occupier of any house-boat, inspect the sanitary condition of a house-boat.

73. (IV) Sweepers, boatmen, and others throwing offensive matter or sewage in places other than those appointed, or committing a nuisance on the river banks, or polluting the river water in other ways, are liable to punishment.

74 (V) Between Ram Munshi Bagh and the house now occupied by the Kashmir General Agency all unoccupied dungas and house-boats, that is, those not actually in use by visitors, must be moored on the left bank of the river unless their owners or late occupiers are retaining under the rules for the supply of electric light for house-boats their right to the place at which such dungas or house-boats may be moored.

Any infringement of this rule will render boatmen liable to punishment. Unoccupied dungas

Note—Vacant house-boats on the right bank that have been taking power for at least a month prior to their becoming unoccupied will not be required to move to the left bank but may retain their positions provided the late occupiers or real owners agree to pay during the time the boats remain vacant half the rates charged for power while the boats were in use.
and house-boats must vacate places on the
left bank which are required by occupied boats,

75. (VI). Any boat in which there may be
a case of infectious disease shall be removed to
such place as the Chief Medical Officer may
think proper.

76. (VII). Latrines are provided for the
use of servants of visitors at convenient places.
Resort to places other than those so appointed
is prohibited.

77. (VIII). Receptacles are provided at
convenient localities for rubbish and offensive-
matter. These receptacles will be cleaned
morning and evening by the public sweepers.
Anybody throwing offensive matter in any other
than the appointed places is liable to punish-
ment.

sweepings are to be thrown down the river
bank or into the river or on any camping-
ground.

grounds at Srinagar. They must be picketed
in the appointed places outside Munshi Bagh
and Chinar Bagh, &c.
80. (XI). Washermen must wash only at the places appointed by the Municipality, viz., below the 6th Bridge in Dudhganga, and at Daldarwara, and certain appointed places on the canal of the Dal Lake. Washermen are not allowed to hang up or place clothes for drying within camping grounds.

81 (XII). The above rules apply to all camping-grounds in Srinagar and its environs Nasim Bagh, &c., and also to the river Jhelum, lakes and water canals in Kashmir.

82. (XIII). Nobody shall dig earth or make any kind of excavation or disfigure camping grounds in any way.

83 (XIV). No person shall keep any animal or poultry for profit in the Munshi Bagh or other places usually occupied by Europeans.

84 (XV). No animal is to be slaughtered anywhere except within the Municipal slaughter-houses.

85. (XVI). Owners of boats neglecting to close open water-closets, as required by rule 70, within three months after the date on which these bye-laws are duly promulgated, are liable to a fine not exceeding Rs. 50; and in the event of continuance of the offence, of Rs. 5 per day till the required closing is complied with.
86. (XVII). Whoever infringes any of the above sections of the bye-laws shall be liable to a fine not exceeding Rs. 25 or in default to a term of simple imprisonment not exceeding one week.

87. (XVIII). Offences under the above bye-laws are cognizable by the Police, provided that when the offender is a European British subject, a report will be sent to the Resident or Assistant Resident for necessary orders.

88. (XXIII) (c). No person shall ill use, torture or cruelly beat any animal or bird, wild or tame.

89. Visitors to Kashmir are advised in their own interests to have medically examined all the servants whom they engage in Srinagar, including *Manjhus* and their families.

This precaution is necessary to obviate infection by possible contagious diseases.

Application for medical examination of males should be made in writing to the Medical Officer in charge State Hospital, Srinagar, and in the case of females to the Medical Officer in charge
Zenana Hospital, Srinagar, and the person or persons to be so examined should accompany the letter.

An "establishment" means all the servants or menials engaged and paid by one master or mistress.

The Motamid Darbar's office will direct all persons to be medically examined to the office of the Medical Officer concerned.

90. (i) Visitors to Kashmir, and particularly those residing in house-boats or in camp, are recommended to take precautions to secure pure drinking water, milk and butter.

The simplest plan is to boil all water used for drinking purposes and for washing dishes, green vegetables, etc., etc. River water should not be used under any circumstances. All milk, from whatever source, should be boiled. Butter should be procured from a reliable source although all Dairies within the prohibited area are under supervision and licensed.
86. (XVII). Whoever infringes any of the above sections of the bye-laws shall be liable to a fine not exceeding Rs. 25 or in default to a term of simple imprisonment not exceeding one week.

87. (XVIII) Offences under the above bye-laws are cognizable by the Police, provided that when the offender is a European British subject, a report will be sent to the Resident or Assistant Resident for necessary orders.

88. (XXIII) (c) No person shall ill use, torture or cruelly beat any animal or bird, wild or tame.

89. Visitors to Kashmir are advised in their own interests to have medically examined all the servants whom they engage in Srinagar, including Manyhas and their families.

This precaution is necessary to obviate infection by possible contagious diseases.

Application for medical examination of males should be made in writing to the Medical Officer in charge State Hospital, Srinagar, and in the case of females to the Medical Officer in charge.

Zenana Hospital, Srinagar, and the person or persons to be so examined should accompany the letter.

The following fees will be payable at the time of examination:—

For each individual examined 12 annas with a maximum of Rs 7-8 for each establishment.

An “establishment” means all the servants or menials engaged and paid by one master or mistress.

The Motamid Darbar's office will direct all persons to be medically examined to the office of the Medical Officer concerned.

FIREWOOD SUPPLY IN SRINAGAR.

91 The European residents and visitors in Srinagar can be supplied with firewood in small quantities, not exceeding Rs. 5 a day on cash payment, on application to the Agent at the Lalmandi Depot. The rates will be in accordance with the monthly price current. Should they require a large supply, they should make their own arrangements with one of the contractors, and not the Governor or other official, the Conservator of Forests, Kashmir State, advising them how to proceed, if necessary. Applicants for firewood from the Depot must make their own arrangements to take it from there to their homes.
SECTION 4

(ii) In the interests of sanitation and of the visitors occupying huts, it has been found necessary to limit the area in which camps may be pitched. The area reserved for camping is indicated on maps which are placed on notice boards in prominent positions about Gulmarg, and no camp may be pitched elsewhere on the Marg, except in special cases with the permission of H. H. the Maharaja obtained through the Resident.

109. In ordinary seasons Route III is impracticable till May, and is closed by snow in November. Route V is usually open in April, but it is difficult and is not recommended. On Routes II, III, IV and V the rest-houses are not kept up and the supply of ponies and coolies is very limited and can in no way be guaranteed. The distances in miles are approximate.

VI. Routes to Skardu.

110. The passes above Suknis are considered closed until the 15th of May as they are not fit to be crossed earlier.

111. Via Gurais and the Deosai plains.

Sportsmen and travellers wishing to proceed from Bandipore to Skardu via Gurais and the Deosai plains are warned:

(i). That only the route over the Deosai plains can be used and travellers are not allowed
to proceed further up the Gilgit road than *Burzil Chowki—the place where the first branch route leads off from that road towards Skardu. The same restrictions applying to the return journey or to travellers coming from Skardu towards Gurais.

(ii). That all transport or supplies required should be arranged for privately and without the aid of the local State officials. It is, however, open to travellers to apply to the Supply and Transport Officer on special duty at Bandipore for transport only, not including riding ponies, between the 15th June and the 30th September of each year, the same being supplied at Bandipore or Gurais on cash payment and on giving 48 hours' notice to that officer.

(iii) That supplies should in no case be asked for from the Commissariat Depots along the Gilgit-Bandipore road or drawn from the country arrangements being made privately before starting.

(iv) In case any hardships are experienced by the people of the district the Darbar reserve the right to close the route as before to the travelling public.

112. No supplies, except wood and grass, are obtainable, nor should they be requisitioned at

(2) The rest-houses are provided in the first place for the use of the road engineers in charge of the road, and secondly for European and Kashmir officials of and above the rank of Naib-Tahsildar whose duties oblige them to travel over the road. European travellers are also allowed to occupy them on the distinct understanding that officials have the first claim to the accommodation. Visitors are, therefore, advised to have tents with them when travelling on this road.

(iii) No official below the rank of Naib-Tahsildar is permitted to occupy the rest-house.

(iv) Out-houses are erected for servants and followers of travellers only, and where serais exist they are available for the use of coolies, ponies, etc.

(v) The choukidar will supply on payment at the rates posted up at each rest-house—
RULES FOR VISITORS.

(1) Wood, for the use of officials, travellers and their private servants, also grass for private ponies when possible.

(2) Eggs, fowls and milk when obtainable, but these cannot be demanded. It must be distinctly understood that the chowkidar is not to be called on to supply wood or other supplies for coolies or grass for hired ponies.

(vi) A fee of Re 1 per day is to be paid to the chowkidar by each person except the engineers in charge of the road for the use of the rest-house only. Officials travelling on duty are not exempt. The chowkidar has orders to receive payment in advance. This rule has been rendered necessary owing to the non-payment by many individuals who have claimed exemption as being on duty.

(vii) A book is provided at each rest-house in which all persons are requested to enter their names, date of arrival and departure and the fee paid by them in accordance with the rule. Payment under Rule (vi) must be made in advance.
(viii). No traveller can claim shelter in the rest-house for more than 24 hours, after the expiration of that time he must leave, if required to do so by other travellers. This does not apply to engineers in charge of roads who have prior claim on any rest-house.

(ix) Travellers are warned that they must make their own arrangements for the protection of their property. The State will not be responsible for any losses suffered by travellers using the rest-house.

(x). Complaints should be addressed to the Divisional Engineer, Gilgit, under whose orders the rest-houses have been placed.

(xi) The chowkidars cannot be called upon to obtain transport, coolies or ponies, as this has often involved absence from their duties at the rest-house.

(xii). The Governor of Kashmir and Wazir-i-Wazarat, Gilgit, have issued orders to the Talsildars that the chowkidars of rest-houses are exempt from village duties.

(xiii). In the event of a chowkidar being found to be absent, travellers are requested to report it or notify it in the Bungalow Book.
LIMITS OF TRAVEL.

114. (1) Except for those who—

(a) have obtained licenses to shoot in Astore, or

(b) travel to Skardu via the Deosai plains, Guras has been fixed as the limit of travel in the Gilgit direction.

(2) No traveller or sportsman is permitted to proceed East of Kargil who—

(a) has not previously obtained a permit under rule 115 to travel in Ladakh, or

(b) is not provided with a coloured pass issued under rule 116.

(3) No visitor is permitted to cross any frontier of Kashmir territory except where contiguous with British India without a special permit from the Government of India, or to enter the Gilgit Agency, including Chilas, without the permission of the Resident.

115. No traveller will be allowed to go to Ladakh without a special permit or a certificate attesting to the fact that he has a valid shooting license issued for the year.

*Vide Appendix E.
Other travellers should apply for such permits to the Assistant Resident for Leh. The number of permits issued is strictly limited. In either case the applicant should state in writing that he has no intention of crossing the frontier either into Chinese Turkistan or Tibet.

116. Every sportsman who wishes to shoot in Suru, Kargil, or Zanskar, should first obtain a coloured pass from the Secretary, Game Preservation Department, without which he will not be allowed to proceed beyond Kargil.

117. Every sportsman or traveller proceeding beyond Kargil will be required to show to the Tahsildar of that place the permit obtained under rule 115 or the coloured pass obtained under rule 116.

118. Travellers proceeding to Leh are at liberty to use the huts en route for which a fee of Re. 1 per day for each person is levied.

119. All visitors to Ladakh using these huts are required to enter their names, destination and permanent address in the Visitors’ Book kept for that purpose in the charge of the contractors who look after the huts.

120. Two rooms in the serai at Sonemarg are reserved for European travellers and sportsmen.

SRINAGAR-KOHALA TONGA RULES

The following rules in connection with the Tonga service on the Jhelum Valley Road in Kashmir State territory are published for general information —

(i). Tongas of the Imperial Carrying Company, Limited, will leave Srinagar from the Tonga Office only, except in cases of sickness when under the orders of a qualified Medical Officer, vehicles may be despatched from the house or other place of abode, of the passengers concerned. In any other special case the First Assistant to the Resident in Kashmir may relax the rule on application being made to him in writing with full reasons for the desired concession.

(ii). A further exception to Rule (i) above is made in the case of Indian Parda-Nashin Ladies. Tongas engaged for such ladies may proceed, after the luggage has been loaded at the Tonga Office to their residences to pick up passengers.

(iii). In Srinagar all intending passengers by the above Carrying Company, except those who have been granted a concession under Rules (i) and (ii), are expected to transport themselves and their luggage to the Tonga Agency.
(iv). The number of passengers excluding the driver and syce may not exceed three.

(v) Each passenger engaging one seat is allowed 30 seers of luggage free of charge. In addition a free allowance of 2 maunds is permitted for every empty seat secured and paid for. The maximum weight of luggage (free as well as that paid for) allowed per tonga carrying the full number of passengers is three maunds, i.e., 2 maunds 10 seers free and 30 seers to be paid for at the usual rates.

(vi) Arrangements will be made by the Imperial Carrying Company to despatch over-weight luggage as quickly as possible. The freight charged for such luggage is Rs. 10 per maund from Rawalpindi to Srinagar and vice versa, and passengers should satisfy themselves that the luggage is properly booked.

(vii). The Tonga Agents are primarily responsible that the Tongas are not over-loaded. In case of doubt the luggage will be weighed by an Inspector for the prevention of cruelty to animals at any stage on the Jhelum Valley Road, and any over-weight discovered shall be removed at the passenger's risk on reaching Baramulla or Domel. Tongas carrying Indian Pardah-Nashin Ladies are exempt from inspection en route on the road.
(viii). The daily tonga service between Kohala and Srinagar or vice versa is strictly limited. The Agents of the Company are prohibited from increasing the service on the demand of a passenger. The number of tongas which run either way depends on the available ponies at the various stages. To obviate disappointment, passengers are advised to book their tongas or seats well in advance.

(ix) A register shall be kept at the Srinagar Office showing the booking for each day and it shall be open to inspection by intending passengers. The number of daily tongas which the Company can run shall be publicly notified at the Tonga Offices at Srinagar, Murree and Rawalpindi.

To prevent the service from becoming disorganised and the consequent overworking of the ponies, tongas will be booked at the various stages on the road at fixed times.

(x) Passengers must adhere to the timings, so fixed, specially at the commencement of the journey and departure after a night's halt on the road. Any undue delay caused by a passenger in the matter may result in his tonga or seat (as the case may be) being cancelled without a refund of the fare.
(xii). Except in case of a breakdown no pony is permitted to do more than two journeys, in harness, of one stage each in the day, and passengers must not insist on animals which have done their allotted day's work being used again.

During the periods, 15th March to 20th May, 20th June to 20th July, and 20th September to 20th November, the ponies may do three trips a day.

Passengers, excepting Kashmir State Officials, travelling on duty will not be booked on Sundays during the above period except with the permission of the First Assistant Resident and the Governor in the case of European and Indian travellers, respectively.

(xiii). Passenger tongas are not permitted to run after dark and passengers must halt at Dak Bungalows before nightfall.

(xiv). Passengers wishing to book tongas or seats at the Baramulla Agency must apply to the Tonga Agent at Srinagar for the same

(xiv). One passenger may travel in the Parcel mail, provided the total weight of the mail bags do not exceed 6½ maunds.

130. Messrs. Hari Ram and Bros. of Rawalpindi have a regular Motor Service to Kashmir,
and information concerning this service can be had on application to the firm.

131 Messrs Kanshu Shah and Nand Singh of Srinagar have been appointed joint contractors for the supply of elhas and tumtums on the Jhelum Valley Road Visitors should address the contractors direct for the above conveyances.

The rate per elha or tumtum from Srinagar to Rawalpindi is fixed at Rs. 32 or Rs. 2 per stage inclusive of tolls.

Visitors must make their own arrangements for bullock carts.

132 Persons indenting on contractors for the supply of tumtums and vehicles should send a fee of Re. 1 in advance per vehicle along with their indent, which will be taken into account when the whole fare is paid; otherwise the contractor will retain it in case the transport requisitioned is returned without being availed of.

133 Bullock carts are allowed to ply on the Jhelum Valley Road only in the night time (i.e., from an hour after sunset to half an hour before sunrise) and provided they carry a light with them. Any complaint regarding the breach of this rule may be made to the Superintendent of
Police or Officer in charge of the nearest Police-Station.

III.—GULMARG-TANGMARG-SRINAGAR ROAD.

134. Contractors who will supply—

(a) Ekkas between Srinagar and Tangmarg,

(b) Coolies and ponies between Tangmarg and Gulmarg,

will be appointed by the Darbar every year before the commencement of the Gulmarg season.

The Governor of Kashmir will arrange to inform the public of the names of these contractors and of the rates which they are entitled to charge, by means of notices which will be sent to the office of the Motamid Darbar, Nedou’s Hotel, the Srinagar Club, and the Post Office. These notices will usually be issued towards the end of May and will be posted in prominent positions. In the absence of such notices, however, visitors are advised to refer to the Governor of Kashmir, for any information they require.

135. The Darbar have found it impossible to fix a contract for the supply of bullock carts.

Gulmarg.
136. The monopoly given to contractors will not preclude private individuals from arranging for their own carriages or ponies; but no business persons, firms or public carriers are permitted to open a competitive agency for supplying transport on any part of this route.

137. At least 72 hours’ notice must be given line. The 72 hours will be held to count from the time the application for transport is received by the agent.

138. The contractor will, however, maintain a very small permanent establishment of a few coolies, baggage ponies and riding ponies at Tangmarg for cases of urgency. This will primarily be for the use of officials and others travelling on duty.

139. The minimum of such permanent establishment will be—

- Coolies 25 (half the number to be kabars)
- Baggage ponies ... 10
- Riding ponies ... 10

140. The transport will be maintained primarily for the use of Government and State officials. Half the hire of the transport supplied must be paid to the contractors in advance.
141. Travellers must avail themselves of the transport for which they have applied on the day mentioned in their indent or on which it is arranged that it will be supplied, otherwise their requisition will be considered cancelled and they will be liable to the payment of half the hire of the transport supplied and a fresh notice will be necessary to obtain it on another date.

Records are kept up by the Secretary, Game Preservation Department, in the interest of sport, of all heads of exceptional size, killed in Kashmir. In all cases the head and jaw-bone should be complete with the actual decaying flesh adhering to the bones, and sportsmen should insist that other bones, skin and feet should be produced with the head. Failing the above requirements, the presumption is that the head is an old one and the case should be immediately reported to the Secretary, Game Preservation Department. Any attempt by a shikari to palm off such a head shall be considered to be a breach of rule punishable under section 18 supra.

In no case should rewards or money be given to shikaries or villagers for heads brought in by them. The purchase of heads is a direct incentive to the encouragement of poaching and the killing of animals by natives for sale to sportsmen.

(c) The practice of giving rifles to shikaries for the purpose of following wounded animals, or of offering rewards for the same to local men or others is not permitted, as it is a direct incentive to poaching and killing animals which cannot be rightly claimed by sportsmen as their own.

21 (a) Rewards—Any person or persons giving such bona fide information as shall lead to conviction under these laws, shall be entitled to a reward which may, at the discretion of the Magistrate trying the case, extend to the full amount of the fine inflicted.

(b) Watchers of the Game Preservation Department, and Fisheries, who shall give information under para. (a) supra, shall not be debarred from receiving the above rewards.

(c) The Magistrate trying the case will have the power to grant the above rewards (a) and (b) supra on his authority without any reference to the Durbar.
(d) The following scale of rewards will be paid by the Secretary, Game Preservation Department, for all vermin killed by license-holders and watchers employed under the Game Preservation Department, and by any others specially authorised to kill vermin:

1. Leopards (snow and common)  Rs 10
   Do (Cubs, do do)  5

   5. be paid at the discretion of the Secretary, for otters and other wild animals in rivers and places where they are doing damage.

In all cases the reward will be paid on the skins being brought or sent before being tanned to the Secretary, Game Preservation Department by the killer. They will then be stamped under his authority and returned to the owner if a license-holder. In other cases they will be retained and sold by the Department for the benefit of the killer, or in the case of non-license-holders for the benefit of the Game Preservation Department.

Applications for traps should be made to the Secretary and will be supplied if possible. A small deposit fee of the value of traps will be charged which be given back on the return of the traps in good condition.
Skins brought in by the Srinagar Skin merchants will not be recognised for rewards.

22. License-holders who, by the conditions of the license, are enjoined not to kill more than a specified number of animals, are requested, on the expiry of the period of the license, to return the same to the Secretary, Kashmir State Game Preservation Department, with the statement showing the number of animals killed by them, filled in and signed.

23. Sportsmen are particularly requested not to give presents to the Game Preservation Department servants, and to report any irregularities on their part to the Secretary, Game Preservation Department. Game Preservation Department servants receiving presents from sportsmen will be dismissed.

24. Sportsmen are warned that they must report to the Secretary, Game Preservation Department, all cases of serious injuries received by shikaries, beaters and other State subjects (with full description and address) whilst employed in beating, etc., in their service, together with a full report on the circumstances of the occurrence, and of any compensation or money reward paid by them to the injured person or his relatives.
Any disregard of this rule may be dealt with by the refusal of a shooting license on any future occasion under the provisions of Rule 14.
